

Rider	name:			

Important Note: Having suspension custom tuned for your unique needs is one of the most critical things you can do to improve the performance as well as enjoyment of your machine. Suspension is highly personal and each rider has his or her own unique preferences and style, which affects the tuning of their suspension. Please answer the below questions as accurately and honestly as possible as this will have an impact on the tune we come up with for you.

Rider Basics:		eferences: ng the line)
Rider weight:	(Marin area	ing the inter
Rider height:	In the terrain you norr would you say most of	
Rider age:	1st gear	5th gear
In addition to standard safety gear, approximately how many pounds of additional gear do you wear?	When riding, what is y the bike?	our typical position on
